

Dr. Coldwell's Acid-Alkaline Protocol (Item #7029)

A Healthy and Effective Wellness Management Protocol for Balancing Alkaline Levels

Products included in this Wellness Protocol are:

- ① Universal Greens (6804) - The pH enhancing Opti-Blend
- ① Tracite (2031) - 77 Essential Elemental Fulvic Trace Minerals
- ① pH Oxy Plus (2433) - Oxygenating Formulation
- ① Mag/Cal 7:5 Ratio (2008)- pH balancing mineral complex

Protocol Overview

Over acidity can become a dangerous condition that weakens all body systems, and gives rise to an internal environment conducive to disease. In contrast, a pH balanced environment allows normal body function necessary for the body to resist disease. A pH balanced body, according to many experts, is a vital key to health maintenance.

This Wellness Protocol brings together the minerals and compounds of our individual formulations to supply adequate oxygen for the cells and to help balance the body's pH levels. This combination of products is designed specifically to alkalize and energize the body.

Universal Greens are designed for easy assimilation utilizing trace minerals and elements which facilitate the absorption of nutrients directly into the cells. The special blend of grasses and whole foods nourishes and balances your body's pH levels, enhancing the results of this Wellness Protocol. This is a foundational food supplement that will support, nourish and build every cell in the human body.

Tracite is an iron-based, plant-derived, trace mineral composition rich in chromium, vanadium and selenium. It is also rich in macro-minerals, trace minerals, trace elements and especially fulvic acid. In this protocol, Tracite increases the ability of cells to absorb nutrients and carry oxygen into the body, supporting the absorption of nutrients and preventing inflammation and other damage from free radicals that result from oxidative stress in the body.

pH Oxy Plus is a highly alkalizing formula created to release oxygen molecules for easy absorption into the body. Fundamental to this Wellness Protocol, the formula produces a wealth of energetic dissolved oxygen to be immediately absorbed into the bloodstream, acting as an "oxidizer" of to destroy viruses, bacteria and protozoa.

Mag/Cal 7:5 Ratio is a complex of plant derived minerals designed to help even pH levels through out the day. Most absorption of essential vitamins and minerals occurs at night, so we suggest taking your last dosage of Mag/Cal before bed. This will help the body's pH stay balanced and allow it to absorb essential vitamins and minerals. If the pH in the body is not alkaline the body leaches minerals from our bones.

Note: Additional information for the above products is included in the subsequent datasheets.

Dosage Recommendations:

Universal Greens: As directed on the product label

Tracite: 5 drops in 2 to 8 ounces of water or sparkling water twice daily

(To make it even more palatable, squeeze a wedge of lemon or lime into the water)

or as directed by a qualified health professional.

pH Oxy Plus: Take 4 drops diluted in 8 ounces of water up to 4 times daily

or as directed by a qualified health professional.

pH Oxy Plus Drops MUST BE DILUTED in Juice or Water.

Mag/Cal 7:5 Ratio: Take two capsules in the morning and 2 in the evening with meals.

Also two capsules before bed.

<p style="text-align: center;">Please DO NOT modify levels of any prescribed medication without first consulting your physician.</p>
